

IRON-ENRICHED SPIRULINA ALGORIGIN

High-performance spirulina,
naturally enriched with iron

IRON-ENRICHED SPIRULINA ALGORIGIN

STANDARD SPIRULINA

STANDARD IRON-ENRICHED SPIRULINA

SYNTHETIC IRON SUPPLEMENTS

HIGH BIOAVAILABILITY IRON

Non-heme iron of natural origin,
naturally assimilated up to 3x better
than conventional iron

Excellent bioavailability
(spirulina + natural iron)

Low iron content

Moderate
bioavailability

Variable assimilation,
often low

HIGH NATURAL IRON CONTENT

Naturally enriched to reach
12 mg of iron per daily dose

12 mg of iron / day
(4 tablets)

0.5 to 2 mg / day

5 to 12 mg / day
(often 2 tablets
or more)

10 to 20 mg / day
(depending on product)

OPTIMAL DIGESTIVE TOLERANCE

Iron combined with spirulina:
better tolerance, fewer undesirable effects

Very well tolerated,
no digestive discomfort

Very well tolerated

Good tolerance,
but depends on the
iron source used

Frequent side effects
(nausea, constipation,
bloating)

RICH IN SYNERGISTIC NUTRIENTS

Spirulina naturally contains cofactors
that enhance iron absorption
(vitamin C, B12, copper, proteins, phycocyanin)

Complete nutritional
synergy

Rich in essential
nutrients

Partial synergy

No associated
cofactors

100% NATURAL & CLEAN LABEL

No additives, no preservatives,
no chemical excipients

100% natural,
pure spirulina

100% natural

Often with additives
or coating agents

Synthetic chemical
compounds

CONTROLLED ORIGIN & QUALITY

Spirulina cultivated in controlled environments,
respectful of the environment

Controlled cultivation,
full traceability,
premium quality

Variable quality
depending on origin

Variable quality,
depending on the
enrichment process

Industrial
chemical origin

OPTIMAL & PRACTICAL DOSAGE

12 mg of iron per day to meet
daily needs (women, athletes, fatigue)

12 mg / day
(4 tablets)

Insufficient intake

5 to 12 mg / day
(often more
than 2 tablets)

10 to 20 mg / day
(1 tablet)

OVERALL ENERGY SUPPORT

Helps reduce fatigue and supports
energy production and immunity

Complete action:
iron + proteins + antioxidants
+ phycocyanin

Overall contribution
in nutrients

Action focused
on iron

Isolated iron action,
without overall
nutritional benefits

IN SUMMARY

ALGORIGIN IRON-ENRICHED SPIRULINA
combines the best of nature and science:

- Optimal intake of highly bioavailable natural iron
- Unique nutritional synergy for enhanced effectiveness
- Exceptional digestive tolerance
- A natural, sustainable and health-respecting solution
