Proprietary Product Spotlight:

Evanium Optisolv®

**German IP-protected drug-delivery technology enhances
the water solubility and taste profile of plant ingredients**

Evanium is an innovative company that develops novel and effective drug-delivery technology to unlock the full potential of ingredients.

Its proprietary dual-coating Optisolv technology:

- enhances water solubility for greater absorption;
- improves taste profile of plant ingredients;
- broadens range of applications and dosage forms.

Made-in-Europe ingredients include:

- Optisolv Curcumin;
- Optisolv Boswellia;
- Optisolv Passiflora;
- Optisolv Berberine.
